

The Perfect Pandas

January 2015 Newsletter FS-2 Term 2

Nasser welcome to Perfect Pandas!

January started with celebrating Prophet Mohammed's Birthday. We all participated in painting the mosque and listened to an interesting story. This month one of our topics was All About the Animals and we were so excited to see the animals at the zoo. We have learned all about different animals' habitats, talked about pets, farm, zoo and sea animals. We looked at how they move and named their body parts and did some interesting crafts at the end of each week.

In English we learned how to write the new letters Bb, Hh, Ll and Ff as well as how to read some new words. We enjoy writing words on the boards and do our best in blending sounds.

Theme of the Month

Apart from the animals, this month we also discussed the topic of the weather, 4 seasons and day and night. We talked about activities that we do in different kinds of weather and learned the weather and seasons songs.

In Math we learned how to estimate the numbers in sets, which ones have less and which ones have more objects in a set. We learned how to measure objects using cubes. We skip count by 3s and we use our ordinal numbers when counting in the line. Our written numbers are improving every day.

Warm Hugs,
Miss Kathy and Miss Juliet
