

Blossoming Butterflies MAY 2014 Newsletter

This month in our class we have learnt all about the people that help us. In week 1 we looked at our family and we looked at all the different words that we use to describe our Mummy's and daddy's. Mamma and Baba was the most common words that we use and we also sometimes call our teachers Mamma!!

In week 2 we looked at the Emergency Services. The Policeman, the Firefighter and the Ambulance driver, we enjoyed dressing up and taking turns on making sounds of the Police car.

In week 3 & 4 we have been looking at our Community. The lady in the shop, the man at the Post Office and our teachers. We have learnt all about how these different people make our world a nicer and happier place to live in. We have also carried out our daily activities such as singing and dancing, playing with building blocks and painting.
