

Spring

Summer

Dear Giggling Giraffes Parents

Theme of the Month Seasons

We have been talking about the seasons, especially winter, the twelve months of the year which are displayed on our wall and the seven days of the week. In addition to singing about fun things to do in winter, and pretending to be snowflakes.

Extra-Curricular Activities

Children have great fun doing extra-curricular activities like gymnastics and football. They have fun in doing dancing and kicking the ball. If your child is not registered for any activities after 1pm then please ask at the office for more information.

Our Role Play Corner

Our Role Play Corner changes themes every 2 weeks. This month we have been learning to serve as waiters and learning to order our food at the restaurant. Also we sat and watched a pretend movie and ate pretend popcorn at the cinema!!

Water Play

Children love water play. They were very confident and helpful in arranging the toys for the water play outdoors.. We have seen them carry and take turns while bringing in the water play activities. As a class group we performed experiments in the water learning about things that float and things that sink. We also learnt that names of sea animals and matched them with the corresponding flash cards.

This month we also said a big Happy 3rd Birthday to Hilmi!! Thank you for sharing a lovely cake and gifts with your class.

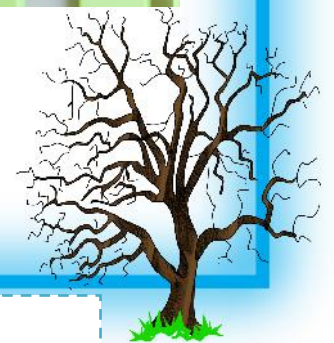

During October we welcomed 4 new children to our Giggling Giraffes Class, Meera, Martin, Khalid and Azam – a warm welcome to you all. We hope that you enjoy being part of our Little Pandas family
