

The Perfect Pandas

October Newsletter FS-2 Term 1

In October we celebrated many holidays: the Eid, Islamic New Year and Diwali. We enjoyed learning how people celebrate their holidays.

Story time was interesting and listening to the adventures of Kipper and his family was exciting. We know some of the letters' sounds now a,s,t,p,i,n and we are blending them to make some simple words.

We know how to match the words to their beginning sounds now and we are getting better at writing these letters too!

Theme of the Month

Growing up

This month we talked about growing up! We know the growing up stages now and can differentiate between activities and needs of these stages. We discovered how plants grow too and planted our seeds in the school garden.

In Maths we counted to 50 and tried our best counting to 100 along with the songs. We can count backwards from 10 and by 10s too. Our cut and paste numbers activities were so enjoyable. We helped the alligator decide which numbers are greater and which are less, in the same time learning the concept of greater than/ less than/ equal to.

Tell the time games were fun too!
